Subject: Possible Closure of Roberts/Smart Centre in Ottawa

Dear Member of Provincial Parliament,

On behalf of Gordon Floyd, CEO and Executive Director of Children's Mental Health Ontario, please find attached an editorial from today's Ottawa Citizen regarding the possible closure of the Roberts/Smart Centre in Ottawa (a link to this article is also included below).

This possible closure would affect not only some of the province's most vulnerable and hard-to-serve youth, but would also terminate the only residential treatment program for francophone youth in eastern Ontario.

Your immediate attention to this matter is crucial in order to preserve the services offered by Roberts/Smart.
